

Room Parent Fund - 2011/2012

Dear Parents:

This letter is to request a monetary contribution on behalf of your child(ren) to support the expenses of classroom activities and parties. These events are planned and executed in a combined effort of their teacher and the room parents assigned to their class. All monies received are separated by class and serve as the budget to be used by each class for the entire school year.

There are no specified guidelines of how much you should contribute to the room parent fund, send whatever amount is most comfortable for your family. We ask that you keep in mind, however, grades Kindergarten through Second generally schedule the most activities/parties and, therefore, need the largest budgets. A few dollars more for students in those grades goes a long way.

Room parents sometimes also decide to collect money for a group teacher's gift at the holidays or the end of the year. Those collections are done at the time the gift is intended and are not related to the room parent fund being established now.

Please complete and detach the form below and return it, along with your contribution, to the PTA Blue Box by Tuesday, 9/27/11. All envelopes should read "Room Parent Fund" and checks should be made payable to Strawbridge School PTA. Families with more than one child are asked to combine all monies into one envelope.

Thank you,

Strawbridge School PTA
