

## PTA Art Reflections

### Diversity Means

Please be aware that there are new labeling and packaging instructions this year for Art Reflections!

Here are a few helpful tips:

- Do not fold any forms
- Do not write on the back of any papers ( label art and photography on the back)
- All papers should be single sided only
- Make 4 copies of all forms and literature entries
- When packaging forms use an 8 1/2 by 11 envelope or larger, do not seal the envelope!
- If attaching the envelope on the back of art or photography entries, only tape the 2 sides of the envelope to the piece of art
- Do not protect/wrap your art or photography entry!!!
- Follow the new labeling directions carefully
- All pieces must be titled
- No staples are allowed, paperclip papers please
- The artist statement is extremely important! If it does not fit on the entry form, please write “see attachment” on the form and write the statement in it’s entirety on a separate sheet of paper
